NOTICE OF PROPOSED RULE MAKING

Adopted: August 10, 2004**Released: August 12, 2004****Comment Date: October 4, 2004****Reply Comment Date: October 19, 2004**

By the Assistant Chief, Audio Division:

1. The Audio Division has before it the petition for rule making filed by La Gigante Radio Corporation ("Petitioner"), permittee and operator by Special Temporary Authority ("STA") of Station WXZX-FM, proposing the substitution of Channel 291A for Channel 254A at Culebra, Puerto Rico. To accommodate the allotment, Petitioner also proposes the deletion of vacant Channel 291B at Vieques, Puerto Rico. Petitioner states its intention to apply for the channel, if allotted.

2. In support of its proposal, Petitioner states that Station WXZX-FM presently operates on Channel 293A pursuant to an STA. Petitioner further states the substitution of Channel 291A for Channel 254A at Culebra would enable Station WXZX-FM to obtain a permanent authorization for a first local transmission service. Petitioner asserts that the deletion of Channel 291B at Vieques to accommodate the allotment raises no public interest concerns because a station has never been constructed, so the residents of Vieques have not come to rely on that service, and Vieques is already served by the full-time operation of AM Station WIVV.¹ Petitioner further asserts that the public interest favors deleting vacant Channel 291B at Vieques and allotting Channel 291A at Culebra because the Culebra facility has been built and operational for nearly six years, and the residents of Culebra have come to rely upon the service.

3. The history of the Culebra allotment reveals what when applications were filed in 1991, Channel 293A was allotted to Culebra as the community's first local transmission service. Unfortunately,

¹ At the request of V.I. Stereo Communications ("V. I. Stereo"), the licensee of WVIS-FM, Channel 291B was reallocated from Christiansted, Virgin Islands to Vieques, Puerto Rico, pursuant to the *Report and Order* in MM Docket No. 91-259, 10 FCC Rcd 6673 (1995). Applications were filed by V.I. Stereo, however, the Commission cancelled the WVIS-FM license because construction of the Vieques facility was not effectuated in a timely manner, and it was determined that Station WVIS-FM did not operate for a continuous 12-month period, terminating the authorization for the station as a matter of law. Thus, the Channel 291B allotment in Vieques was never constructed, and is now a vacant allotment.

Culebra was one of the communities involved in a "daisy chain" of allotments in MM Docket No. 91-259. The *Report and Order* in that docket was affirmed on appeal, resulting in the deletion of Channel 293A and the allotment of Channel 254A at Culebra. Petitioner located a suitable site that would allow operation of Station WXZX-FM on Channel 254A. However, Petitioner could not, and still cannot, seek an authorization to operate on Channel 254A at Culebra because the stations involved in the "daisy chain" have not moved their facilities to accommodate the operation on Channel 254A at Culebra as they were directed to do so by the Commission. In order to initiate a first local service at Culebra, Petitioner was forced to seek an STA to operate Station WXZX-FM on Channel 293A, since it could not obtain permanent authorization on either Channel 254A or Channel 293A. The STA was originally granted in 1998, and Petitioner has regularly renewed the STA to continue to provide a first local service to Culebra, but would prefer a permanent authorization.

4. We believe the proposal warrants consideration since the allotment of Channel 291A at Culebra, Puerto Rico, would enable Station WXZX-FM to have a permanent authorization in order to maintain the community's first local transmission service. To accommodate the allotment, it is necessary to delete vacant Channel 291B at Vieques, Puerto Rico. Therefore, we shall seek comments as to whether we should delete vacant Channel 291B at Vieques to accommodate the Culebra allotment. If an expression of interest is filed during the comment period in this proceeding, we will retain Channel 291B at Vieques for future auction. It is Commission policy not to delete a channel in which interest has been expressed. However, if no interest is expressed for retention of Channel 291B at Vieques, we shall delete the channel to accommodate the allotment of Channel 291A at Culebra.

Technical Summary

5. An engineering analysis has determined that Channel 291A can be allotted at Culebra in compliance with the Commission's minimum distance separation requirements with a site restriction of 2.2 kilometers (1.4 miles) northwest at petitioner's presently authorized STA site. The coordinates for Channel 291A at Culebra are 18-19-19 North Latitude and 65-17-59 West Longitude. In accordance with Section 1.420(g) of the Commission's Rules, we will not accept competing expressions of interest for the use of Channel 291A at Culebra, Puerto Rico. The Commission's Rules do not contemplate the filing of expressions of interest in proceedings which seek to make equivalent channel substitutions.²

6. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the communities listed below, to read as follows:

² The Commission considers channels of the same class to be equivalent unless showings have been made that stations cannot be constructed for reasons such as environmental consequences or air hazards. See *Vero Beach, Florida*, 3 FCC Rcd 1049 (1988); *rev. denied*, 4 FCC 2184 (1989); and *Tawas City, Michigan*, 9 FCC Rcd 4794 (1994), *recon. denied*, 10 FCC Rcd 6108 (1995).
